Professional Summary

Junior Full-Stack Developer with a strong foundation in TypeScript, Angular, and backend API development. Passionate about building secure and scalable web applications. Experienced in database migration, front-end interfaces, and efficient state management using modern JavaScript frameworks.

Experience

Web Developer Intern

Indelpro

April 2025 – October 2025

Altamira, Tamps

- Developed and maintained the company's internal portal using Angular, TypeScript, and Express, improving usability for internal departments.
- Designed and implemented a backend module using TypeORM and PostgreSQL to migrate legacy MongoDB data, streamlining data integration.

Education

B.S. Computer Systems Engineering

Instituto Tecnológico de Ciudad Madero (ITCM)

September 2020 – Present

Cd. Madero, Tamps

- **Relevant Courses:** Object-Oriented Programming with Java, Data Structures, Database Fundamentals, Algorithm Design, Jetpack Compose, CRUD Systems, Artificial Intelligence.

Technical Degree in Programming

CBTis 103

August 2017 – August 2020

Cd. Madero, Tamps

- **Relevant Courses:** PSeInt, C#, Web Development (HTML, CSS), Android Studio with Java.

Projects

SolidKey | *TypeScript, Angular, Express, React Context API, Git*

Developed a secure password manager web application aimed at improving user account protection. Key features include:

- **Custom Password Generation:** Users can generate passwords based on configurable options like length and character sets.
- **Token Decoding and Validation API:** Designed secure endpoints to ensure the integrity and confidentiality of stored passwords.
- **State Management:** Implemented efficient state handling using React Context API to maintain a responsive user experience.

Skills

Languages: Java, Kotlin, TypeScript, JavaScript, HTML, CSS

Databases: PostgreSQL, MySQL

Frameworks and Libraries: Angular, React, Vue, Svelte, Express, Flask, Node.js, AstroJS

Tools and Systems: Git, Linux, Docker, REST APIs

Languages

Spanish: Native

English: Intermediate (B1) – currently improving technical fluency
